

RE-ROOTING 5

WHAT WILL IT BE?

TO MAHSA AMINI

to Adelaxia, Yasmine Mohammed, Nuriyah Khan, Fadila Maaroufi,
to 230 million Muslim Women victims of Female Genital Mutilation (FGM).
(clitoridectomy), to millions of **LITTLE GIRLS** forced into marriage
and
to DONALD J. TRUMP, PRESIDENT OF THE UNITED STATES

WOMEN'S RIGHTS AND PEACE ARE INSEPARABLE!

ONLY Free Women from everywhere can save Humanity.

In this case of mass immigration, it is the whole of European diversity that is under attack, savagely, brutally, surreptitiously and violently too, with widespread rape.

What the Islamist invaders are saying is simple: "We must prioritize organizing and financing massive illegal immigration because there is a large piece of 'FREENESS OF THOUGHT' and a terrifying 'FREENESS OF

SPEECH' in Europe that must absolutely be pulverized because it is a prerequisite for the implementation of Sharia and its inseparable Caliphate."

FREEDOM OF THOUGHT, FREEDOM OF SPEECH, FOR ISLAM, IT OS SO DANGEROUS!

«Remaining vassals in a world of aggressive power will spell the death of European civilization ».

ISLAM WANTS TO DOMINATE THE WORLD

And it's spilling over dangerously into the United States. In Dearborn, Michigan, on August 17, 2025, 40,000 Muslims demonstrated "FREELY" against the intolerable "AMERICAN FREEDOM" during an Islamic holiday in which a Muslim leader was interviewed. He said:

PEOPLE ARE READY TO FIGHT AND GIVE THEIR LIVES

TO BRING DOWN AMERICA

But don't even talk to me about going back to where I came from.

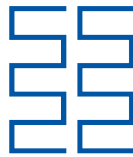

This Algerian Woman doesn't like France but still lives there.

TO PREVENT AMERICA FROM FALLING

At this stage of my writing, there would be so much more to say about Islamist-dominated mass immigration and the anti-woman ideology that underpins it that I have decided to conclude this script resolutely **PRO WOMEN'S RIGHTS**" and consequently resolutely **ANTI-HOMOGENIZATION** by resorting to a short passage from a speech by Donald J. Trump, the President of the United States of America.

....But this untapped potential, this tremendous source of optimism, is held in check by carnage and terrorism. It is impossible to coexist with this violence. We cannot tolerate it, accept it, excuse it, or ignore it. Terrorism and the devastation of life will continue to spread. Peaceful societies will be engulfed by violence, and the future of many generations will be tragically ruined.

The third VISIONARY, the one I mentioned on the very first page, he sails into the unprecedented, the unheard-of, the never-before-seen. In fact, what characterizes his signature, not to mention his **long-term** contribution, is the fact that he crosses A NEW THRESHOLD in the History of Humanity

And I would like to point out in this regard that the title of the second book I devoted to vibration #11 (V11) is: “11”, The Second Threshold, the graphic representation of “11” representing the Two Towers of September “11”.

THE SECOND THRESHOLD

That said, unlike the first two **VISIONARIES**, the third one is not dead. Far from it! In fact, and this might surprise you, in my view of things, from all perspectives, the third **VISIONARY** is a "poet," a « **VISIONARY POET** " Nothing less! And let me tell you, these days, **VISIONARY POETS** are a rare breed.

Considering on the one hand that the unveiling of the name of the **poet** in question may take you by surprise, to a little or a lot, depending on the case, and considering on the other hand that the etymological meaning to be given to the word "**poetry**" is not necessarily known by everyone, I will begin by defining this word which applies so well to the **VISIONARY POET.**

“**Poetry**” comes from the Ancient Greek “**ποιεῖν / poiein**” which means “**to do**”, “**to act**”, “**to create**”.

Recently, I saw a "YouTube Short" in which a Woman, speaking about her husband, said:

« **HE IS A DOER** »

This means: "he does", "he acts", "he creates", "he invents", "he organizes"

The Woman in question is named Melania Knauss

Re-Rooting

When, with a four-letter acronym — — “M.A.G.A.” Make America Great Again — — Donald John Trump, born June 14, 1946, announces his intention to end the dangerous, suicidal, carcinogenic, and destructive “Generalized Uprooting” underway in his country, uprooting as foreshadowed by Arnold Schoenberg (equal force, equal value, equal function) and uprooting as foreshadowed by Norman Mailer (the homogenization of the Human species), he becomes.....

THE THIRD VISIONARY

With Trump as a flamboyant leader, things become wonderfully unstable, joyfully unpredictable, but at the same time, things become simple, clear, direct, and effective all at once.

In other words, with Trump, the time has come to pave the way for.....

Generalized Re-Rooting ending Homogenization.

Generalized Re-Rooting ending Anonymity.

Generalized Re-Rooting ending "Everything Is Equal."

Generalized Re-Rooting ending the "D.E.I." cancer.

Generalized Re-Rooting ending the Collapse of the West.

Generalized Re-Rooting initiating a vital Rectification.

Generalized Re-Rooting foreshadowing the Return of the Pendulum of Human Ascension (**What will it be?**).

The repeated **Re-Rooting** I have just used aims to demonstrate what I believe to be the very real existence of what I call "THE TRUMP EFFECT."

Is it not becoming increasingly clear that the unprecedented actions of the American President extend far beyond the borders of the United States? This is particularly noticeable in several European countries which, at this time, must confront the dangerous threat of the belligerent, Sharia-based invasion by the so-called "Muslim Brotherhood."

That said, an important question remains. It concerns **where** exactly the three "visionaries" might lead, the last one in particular, more decisive than ever? « **Where exactly?** » No one can truly know, even if many claim to.

We are in an era where false prophets abound. That said, when we speak of "vision," and therefore of "prefiguration," we understand that, by definition, we are not talking about the short term. I emphasize this aspect because I believe it is not impossible that the general direction and impact of the "Generalized Re-Rooting" initiated by Trump could, with regard to Peace and the Future of Humanity, lead to:

So what will it be this time?

*«Universal history shows us that after each revolution, after each war, humanity has always appeared a little more coherent, a little more united, in the more tightly woven bonds of its organism, in the strengthened expectation of its common liberation. **More differentiated, after each crisis, and yet more one.***

*If we are not yet witnessing the final surge of discord today, it will be tomorrow, for the outcome is hastening: the time is near when the human mass, closing in on itself, will group all its members within a finally achieved unity, **the same legislation**, the same spirit, the same orientation tending to cover **the permanent diversity of individuals and peoples.** A little longer and we will form only a single bloc.*

Moreover, imprisoned in an inextensible space, and compressed by demographic growth, humanity is forced, by its very problems, to enter the peaceful path of friendship, summoned to transform itself into a fraternal community, condemned to organize itself ».
