TRANS-IDENTITY

The American President has signed several executive orders to prohibit the issuance of visas to TRANSGENDER MALE (MALE TO FEMALE) athletes who would like to compete against Women at the 2028 Olympics in Los Angeles.

Worldwide homogenization is the primary goal of the "TRANS-IDENTITY" movement. In everyday reality, "TRANS-IDENTITY" is nothing more than a chimera, and the path this deranged movement follows to achieve its goal consists of denying the very existence of sex, including its biological basis. In other words, we are here in the presence of a total disconnection from the most basic reality imaginable: IT ALL STARTS WITH SEX.

You put 22 billion males on an island and come back in, say, 169 years, and there's nobody there. You put 22 billion females on another island and the result will be the same. Yes, I know, it's obvious, but I am saying it anyway. Here's why:

We must fear the homogenization of the human species.

Norman Mailer (1923–2007)

We must end to the homogenization of the human species.

Donald J. Trump!

WHAT IS SEX?

Suppose you are a Border Protection officer, say at Minneapolis-Saint Paul International Airport, and suppose a passenger arrives claiming to be the husband of the notorious anti-American ranter, Omar, when in reality, the passenger is her brother. What do you do?

Suppose you are a Border Protection officer, say at Joint Base Andrews Airport near Washington, D.C., and suppose a passenger arrives who, beneath his long blond hair, claims to be a woman, when in reality, he is a man—a male disguised as a female. What do you do?

In this light, it is easy to understand that the deliberately misleading chimera of "MALE TO FEMALE" and the equally misleading "TRANS-MEN-PREGNANT" movement share a number of "FOLLOW THE MONEY" marketing strategies.

In any case, the movements in question constitute the most unhealthy, insidious, vicious, and dangerous frontal attacks ever waged in history against WOMEN'S RIGHTS, against their Dignity, against their Uniqueness, and therefore against their Femininity itself

« There is a **good** principle that created order, light, and
man,
and a **bad** principle that created chaos, darkness, and
woman »

Pythagoras of Samos (570-490 BC).

WOMEN'S RIGHTS and DIGNITY are inseparable.
ONLY free women from everywhere are capable of saving humanity.

A Woman? What's that? What is a Woman?

A person with a vagina??????????

In fact, we are witnessing an openly declared war involving all stakeholders in the **FEMALE** Human Zoological Group. This war is articulated, developed, positioned, and deployed in accordance with and in continuity with the millennia-old tradition of misogyny originating from the **MALE** Human Zoological Group.

That said, given the history of Western civilization, the shift from male to female is having a very negative impact on the necessary, essential, and **vital female leadership needed to build a better world for our children.**

Regarding the human values of our civilization, the most advanced, it is clear that the path recently taken by a small number of over-medicalized young people (through gender transition or gender affirmation surgeries) has had, and continues to have, very harmful consequences for the education system, consequences that endanger an entire generation of young people everywhere.

And what about the senseless and unhealthy consequences we see today in **WOMEN'S SPORTS**? Swimming is the prime example, but for far too long, even the Olympic Games haven't been spared. How is it that the IOC officially recognized the person in the photo below as a woman? How is it that the International Olympic Committee operates in total disconnection from the most basic human realities?

How many billions of people have repeatedly seen this ridiculous and insulting photo? How many young girls? How many young boys?

How did we come to this?

Could there be manipulation somewhere?

Who is pulling the strings? What for?

These are valid questions.

What better way to continue to deny Women any form of « Right To Speak » than to maintain that « **SEX DOES NOT EXIST** », that « *Sex is a social construct* », that « *Sex has nothing to do with biology* ». In short, « **Forget about sex!** What matters now is « *gender* »!

A Woman? What is that? What is a Woman?

A person with a uterus ????????????

«Know, young girl of 9, that your **uterus** is a misunderstanding. Life made an error putting **that thing** in your body. And it's not uncommon that life got the sex wrong. But nothing is lost. You can have your **uterus** removed and you can **store it in a transparent jar so that you can proudly show it to everyone**. I'm your teacher! I know everything! You'll feel much better without a **uterus**. It's for your own good that I'm telling you this. And by the way, I know a surgeon who can fix that for you »

It's a bit as if Female Genital Mutilation (FGM), banned everywhere in Western civilization but unfortunately and very sadly still tolerated until 2030 at the UN by its far too tolerant and accommodating Secretary General António Guterres, it's as if this whole unacceptable FGM affair had passed.....
